

Worship Announcement

(Take a moment to read through the announcement before delivering it.)

Good Morning!

In your bulletin today is a blue brochure like this one *(hold up example)* called “Will your will be known?”

I know it is not popular or very entertaining to talk about preparing our estate plans, but taking care of our will or trust is important to the well-being of your family and loved ones. Preparing your will also gives you a chance to make a gift to your beloved church and other charities. For all of us, our estate plan is our last expression of our Christian stewardship.

Making a gift through your will or trust is called a “bequest.” These types of gifts can transform lives through the mission and ministry of our church so you can continue making a difference here long after you are gone. *(insert brief story about a bequest’s impact on your church or family.)*

This brochure includes reasons for you to consider creating or updating your will, as well as language for you to give your attorney to include a gift, if you so choose, for the benefit of *(your church name)* .

If you have any questions about doing your will or remembering *(your church name)* in it, just see me after church or call the church office. Thank you!
